

Complex Lake Lodge Information Sheet

Camp:

The camp consists of three cabins. The first is the Bunkhouse which is four bedrooms each sleeping two people. The Cookshack is well equipped with two fridges, propane stove with a full oven and a small deepfreeze for storing your meat supplies and freezing your fish for taking home. Also there is a propane grill and a propane barbeque to fit all your cooking needs. There is an additional behind the Cookshack for a total camp capacity of 10 people.

Each cabin has an air tight wood stove to warm the cabin on the chilly nights if needed. The third cabin is the owner's cabin as there is always an attendant in camp to take care of your needs to make your fishing trip as enjoyable as possible. There is a third fridge outside the cookshack for cooling beer and pop for your stay.

We have completed a shower room and vanity with hot and cold running water to add that little bit of civilization to your stay at the Lodge. The cabins are all wired with electric lights powered by a 90 watt solar panel.

There is a 16' X 24' deck between the bunkhouse and cook shack and we now have cold running water in the Kitchen and Bunkhouse.

Boats:

There is five 14 foot aluminum boats equipped with 9.9 hp Mercury and Yamaha 4 stroke motors and numerous spare outboard motors. Each boat is supplied with life jackets, seat cushions, jaw openers, pliers and fishing nets. In addition there is two boats on Lowick Lake, one boat on Meagan Lake, one boat on Johnny Lake and one boat on Crystal Lake. There is a 2 hp and a 4 hp motor at the Lodge to take to outpost lakes to make your portage easier.

The Fishing:

We are blessed with great fishing having all three species to enhance your fishing appetite. Complex Lake and Irvine Lake, accessible by boat from the Lodge have Lake Trout up to 40 lbs, Walleye up to 10 lbs and Northern Pike up to 30 lbs. Lowick Lake is accessible by portage offering all 3 species and great fishing to those who wish to add seldom fished lake to their experience in Northern Saskatchewan. Meagan, Johnny and Crystal Lakes are Northern Pike fishing only, but are the extra time to portage to and try our always hungry pike fishing, great for the adventurous fisherman.

We encourage catch and release at our lakes to keep our lakes great fishing now and in the future. You can keep all the fish you may want to cook for your stay at the Lodge, but ask that you release back to the lake all trophy fish over 5 lbs as they are the best spawning fish and our guarantee of great fishing always. Also we ask you limit your take home to 5 fish per person. Remember that your best gift to another fisherman is a released fish and the fun is in the catching, not the keeping.

What to bring:

Our camp is run as light housekeeping so you need to bring own groceries, your beverage of choice (no glass if possible, beer in aluminum cans), fishing tackle, rain gear, bug spray, sun tan lotion, sun glasses, hat, sleeping bag and a change of clothes to cover from warm sunny days to cooler evenings.

We suggest you bring only your light tackle with you, 10 to 15 lb test, and reels large enough to hold 200 feet of line for trolling. You will have good fishing success with deep

diving plugs like the Rapala X raps, any colour, but suggest a patch of red around the gill. The best size of plug is the one in the four to six inch range. But if you only have two pieces of tackle in your fishing box it should include the 5 of diamonds and the dependable old red and white spoon.

Some of our guests have brought their own depth finders, but is not a necessity in the early season as all species of fish are caught in shallow water. It can be an aid in September when the Lake trout are in the 40 to 50 feet of water. Each boat is provided with a map of the lakes and each new group will be given a guided tour and shown the hot spots to fish.

We provide pillows, bath towels, paper towels, hand soap, shampoo, toilet paper and do have a laundry facility at the Lodge. Your fishing license can be picked up at Voyage Air the day of your departure to the Lodge for those who have not picked them up prior to leaving from Buffalo Narrows.

The Cost:

The cost of a full four day fishing trip is \$1,250 per person including GST and PST, open to change if the cost of fuel or the float plane goes up unforeseen. We have also added a full seven day for \$1,450 per person including all taxes. A \$200 per person non refundable deposit is required to confirm all bookings.

Your group will leave Buffalo Narrows the early morning of the first day and return the early morning of the fifth day giving your group a full four days of fishing. Each additional day costs \$100 per person so you have the option of customizing the length of your fishing trip.

Please do not hesitate to contact us if you have additional questions. We also have a list of motels you can stay at the night before your departure to the Lodge. Our phone numbers are 780-812-5596, 780-826-1736, or 780-812-1814 and you can visit our web site at www.complexlake.com.

Thank you,
